

FIRST ALERT™

Protecting Homes & Families Since 1958

Super Safety Check List

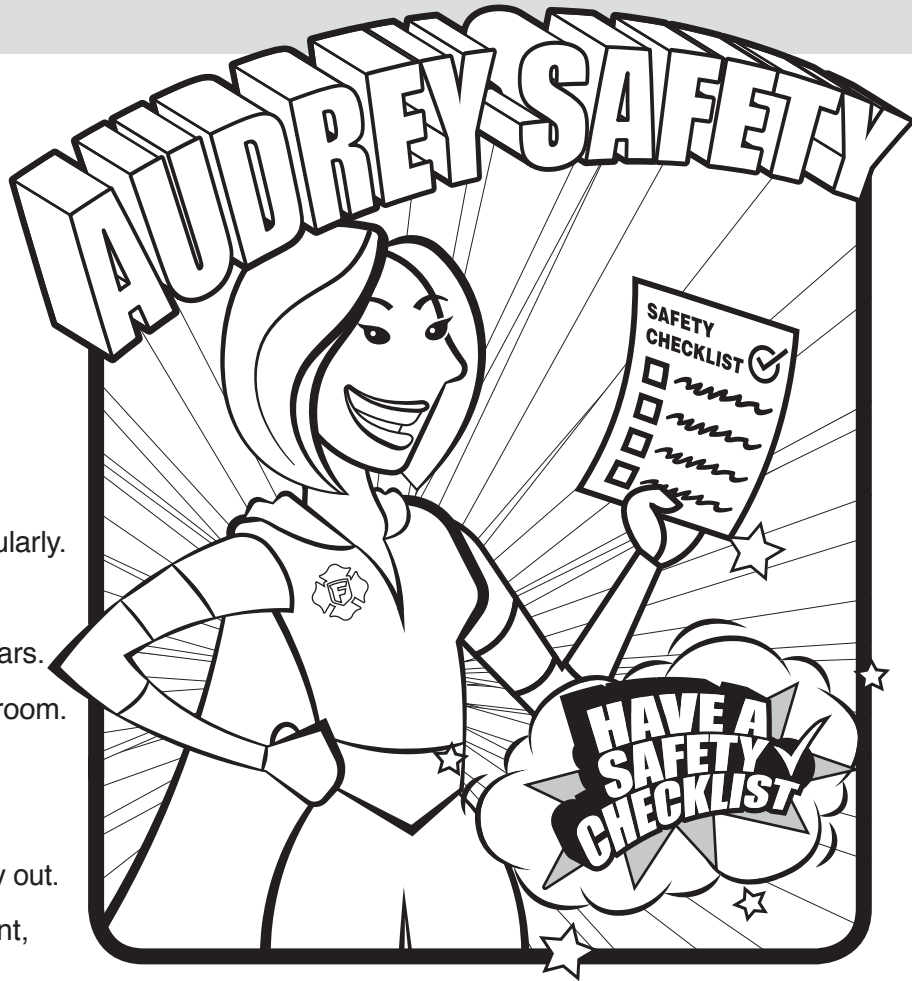

- ☐ Test smoke and carbon monoxide alarms regularly.
- ☐ Replace batteries every six months.
- ☐ Alarms don't last forever, replace every 10 years.
- ☐ Install alarms on every level and in every bedroom.
- ☐ Plan and practice an escape route.
- ☐ Have a meeting spot.
- ☐ In an emergency, get out of your home and stay out.
- ☐ Professionally service your furnace, dryer vent, and chimney every year.
- ☐ Unattended cooking is the leading cause of fires in the kitchen. Be alert while cooking.
