

9 TIPS TO CLEAN WITH VINEGAR

Clean Your Home Safely

Window Cleaner ~~ Fill a spray bottle three thirds full of vinegar and top off with water. Spray windows, mirrors or any glass item you would like a clean streak free surface. Wipe with crumpled up newspaper or a paper towel.

Floor Cleaner ~~ Add 1 cup of vinegar to a bucket of water along with your usual floor cleaner and mop your linoleum and tile floors.

Counter Disinfectant ~~ Spray down all your countertops and let air dry to kill germs and bacteria buildup.

Refrigerator ~~ Wipe down the inside of your refrigerator safely with a damp sponge dipped in a 50/50 solution of vinegar and water.

Bathroom Cleaner ~~ Clean your bathroom vanity and toilet bowl with vinegar to disinfect and deodorize the bathroom.

Tub & Tile Cleaner ~~ Spray down your tub or shower stall with vinegar to disinfect and prevent hard water deposits and to kill mold.

Coffee Pot Cleaner ~~ Run a full pot of white vinegar through your automatic coffee maker or K-Cup machine then follow with two full pots of plain water to rinse. This will remove hard water deposits.

Sponge Deodorizer ~~ Pour full strength vinegar over the offensive sponge in the sink. Let it set for a few minutes and rinse. Your sponge will smell new again.

Stainless Steel Appliances ~~ Get that high glossy look again by filling a spray bottle halfway with vinegar and topping of with water. Wipe down all stainless steel appliance when needed.
